Governor Perdue Certifies \$331 Million in Transportation Projects

ATLANTA— Today Governor Sonny Perdue announced that he has certified a list of county transportation projects under the “1511 Certification” that will be funded through the American Recovery and Reinvestment Act (ARRA).

“These projects will bring much needed repair and maintenance to roads, intersections and bridges,” said Governor Perdue. “The federal funds will strengthen our transportation network and help us to better serve Georgians.”
